

Before we present further credentials, lets take a step back and confront some of the 'pain points' in the industry:

LACK OF RELIABILITY	LACK OF FOLLOW UP	LACK OF PROFESSIONALISM
"The cleaning starts well but drops off over time..." "Some of the tasks in the cleaning spec don't get done..."	"We don't receive any regular contact from the cleaning contractor..." "It takes too long to get issues resolved..."	"Our current cleaners don't have a management system to sort out issues...we get diverted to franchisees..."

So why are we different?

Our business model is different	We are not a conventional cleaning company. We are not a franchise. We are a specialist commercial cleaning company. WE FOCUS ON YOU
This model has proven itself over time	Our clients benefit from experience and attention to detail, from small to large, across many industries and catering for a range of property cleaning requirements. EXPERIENCED AND PROVEN
Your new cleaning contractor will be committed	We are not a 'clock in, clock out' employer. We are a business entity who have a vested interest in looking after you and creating a 'business bond'. Your satisfaction is our business! RELIABILITY ASSURED
Risk management is in place	Our management team is fully qualified in the area of risk assessment, health and safety as well as business management. We are also fully insured for public and employee liability. PEACE OF MIND
We stay in touch and follow up	Client support staff are in constant contact with our client base - from phone to site visits. Issues are captured and resolved quickly as to minimize any disruption of service to you and your business. COMMUNICATION & RESPONSIVENESS

We guarantee our work	<p>We guarantee to maintain regular communication and if you are not satisfied we will immediately put matters right or cancel the charge</p> <p>ISSUES WILL BE ADDRESSED</p>
Flexible contracts	<p>Beware of some contracts that lock you in regardless of performance. We only ask for a 30-day period of notice.</p> <p>NOT LOCKED IN</p>
Total peace of mind!	<p>If you are not completely satisfied with our service, we will rectify the problem immediately or refund you the cost. We can't be fairer than that!</p> <p>REST EASY!</p>
